Georgian's Hard Luck Story.
His horse went dead and his mule went lame and he lost six cows in a poker game; then a hurricane came on a summer's day and blew the house where he lived away, and the earthquake came when that was gone and swallowed the land that the house was on; then the tax collector came around and charged him up with the hole in the ground.—Upson Parrot.

"Title Talks"

The Business of Abstracting

The business of Abstracting titles is of comparatively recent growth. As lands increase in value, the need of title security becomes more and more imperative.

It is just as sensible to safeguard the title to a thousand dollar vacant lot or to any other property, as it is to keep your thousand dollar bond under lock and key.

PROTECTION IN EITHER CASE IS THE THING SOUGHT. Good titles make real estate as negotiable as stocks and bonds. There is no way of being sure about the title except by the help of an abstract by a reliable company.
